INTERESTING FACTS ABOUT ME:

1. I like to travel and have been fortunate to travel as a chaperone on many trips with students.
2. My favorite books are murder mysteries.
3. This is my 30th year teaching at Belvidere.

CLASS EXPECTATIONS

Behavior & Discipline

- Students are expected to arrive to class on time and be prepared with assignments.
- We will be respectful and supportive of one another.

Participation & Attendance

This year, I'm using Google Meet to teach synchronously. Attendance is taken through a Meet extension. Lab groups are composed of students from each of the rotating groups plus a virtual student so that data can be shared.

Technology in My Classroom

Google Classroom is where all assignments, lab, notes and class announcements are posted. We will also be using Google Forms and Kami for test and quizzes, Google and Excel spreadsheets, and Google Slides for presentations. YouTube videos, practice problems, text assignments and chapter reviews can also be found on the Power Point/ Slides presentations.

Homework/Grading Policy

- Grading is based on 65% tests, 25% labs, and 10% assignments.
 - Late work will have points deducted. Late work is not accepted after a unit test.
